This is how we solve the puzzle

Why is the National Citizens' Climate Council so important?

We need your help. You've already read this in the letter.

The National Citizens' Climate Council is the chance to think and talk about how to combat climate change. Together, you will think about how we, as the Netherlands, can eat, use products, and travel in a way that is better for the climate. With this flyer, we hope to answer all your questions;

When?

The citizens' Council will meet for **6 weekends** in Amersfoort on the following dates in 2025:

Food and drinks will be provided. You can also stay overnight at a nearby hotel at our expense.

Compensation and Travel Costs

You will receive a volunteer allowance of **€120** per month. Your **travel expenses** (public transport or car) will also be refunded.

Need support?

We will do our best to help you as much as possible if you need support, for example, with childcare, travel assistance, or a translator. If you are selected, we will contact you to discuss this.
